"The USLS has been the greatest **blessing** I have received during my university years. During each of the talks, I was filled with many **emotions** I had never been through - we laughed, we cried and we cared but most importantly, we learnt. I am humbled, I am inspired and committed to go out and make a positive impact on the world. Most importantly, I am **confident in myself** as I got to realize that **I am not alone in this journey.**"

LEAVING NO ONE BEHIND KINDNESS DAY

PEOPLE

In the midst of a bustling metropolis, where the rich and poor are worlds apart, lies a glimmer of hope - the **Duang Prateep Foundation**. As we join hands with this incredible organization, we'll journey to the heart of Bangkok's **biggest slum**. Envision the joy on the faces of these children as we ignite their imaginations and plant seeds of hope in their hearts. By lending a hand and a listening ear, we learn that every act of kindness can make a world of difference.

Join us in the **lush Mangrove Forest Conservation Center**, where we will roll up our sleeves and get our hands dirty **planting mangroves**. Imagine the sense of pride and fulfillment as we watch these new mangrove saplings take root and flourish, providing a vital source of nourishment and shelter to countless species. Amidst the lush greenery, surrounded by the playful antics of curious monkeys, we will witness the impact of our efforts in real time.

ENVIRONMENT

ANIMALS

Embark on a life-changing journey to an **elephant sanctuary**, where we'll connect with some of Thailand's most majestic creatures. As we experience the beauty and wonder of the **animal kingdom**, our hearts will ache as we learn of the unimaginable cruelty and abuse inflicted upon elephants in Thailand's tourism industry. Through this heart-wrenching experience, we'll leave with a deep commitment to treat all animals with the love and respect they deserve.
